GENERAL GUIDELINES FOR IHRD THARANG 2023

SCHOOL EXHIBITION

The theme of the tech fest is 'Science, Youth, Leadership'.

Sub Themes :

1. Science, Engineering, and Technology
2. Arts and Crafts Models
3. Advances in Information and Communication Technology
4. Eco-friendly materials
5. Health and hygiene
6. Transportation and new discoveries
7. Environmental Concerns.
8. Growth of history and new discoveries
9. Mathematics in Daily Life

*(Note: **Students should learn the basic science, engineering model, and technology aspect of the presenting model/experiment.** The above-listed sub-themes are suggestive. Students can develop innovative models/experiments in any other sub-theme related to the main subjects)*

NB: A project related to the theme is preferable.

Guidelines

The following are the general guidelines for the applicants of IHRD THARANG - 2023

1. **Individual** and **group** participation is allowed for this event. The competition is **open to all** schools in Kerala.

IHRD THARANG ' 23

A National level Techno-Cultural-Entrepreneurial Fest
Organized by
Institute of Human Resources Development (IHRD), Estd. by Govt. of Kerala
Hosted by College of Engineering, Chengannur
Mail id: ihrdtechfest@ceconline.edu | Ph no: +91 8848922404 | Website: <http://tharang.ihrd.ac.in/>

2. **A team should consist of 4 members** (maximum).
3. A **faculty** of the affiliated institution should accompany a team.
4. There will be separate categories - up to high school and higher secondary students.
5. Both working, static models and improvised experiments are accepted.
6. Technicality of the project should be properly displayed through chart works and other feasible forms.
7. Participants should have a brief idea about the technicality of the project and should be able to explain it.
8. The working models should be in perfect condition.
9. **First-level screening may take place based on the number of projects from each school. Each Institution should conduct a preliminary expo at the school level and select the best projects for the THARANG 2023 expo zone.**
10. Participants with recent participation in any exhibitions will be preferred.
11. Projects that have won prizes in any state or National level contest are also eligible to participate in THARANG. But some modifications should be done to the previous model to make it more competitive.
12. **Any models or experiments which are unethical or which may cause harm to any people, community, or environment are strictly prohibited from the Expo.**
13. All the participants and mentors of the THARANG shall be awarded participation certificates. However, the participation certificates shall be distributed only after the valedictory function.
14. Judgment will be purely based on the working condition of the project, descriptive details, applications, etc.
