GUIDELINES FOR IHRD THARANG 2023
COLLEGE-LEVEL PROJECT EXPO

The following are the general guidelines for the applicants of IHRD THARANG - 2023

Theme: Technology, Sustainability, Future

1. The **contest is open** to undergraduate/post-graduate students of all colleges (including engineering, arts, and science, polytechnic colleges, etc) in Kerala.

2. Innovative and original products/working models will be considered for the contest and software development/programs will also be considered.

3. **Individual** and group participation are allowed for this event and a **team** shall comprise a **maximum of 4 students**.

4. Theme of the tech fest is '**Science, Youth, leadership**'. A project related to the **project expo theme or tech-fest theme is preferable**. Students can develop innovative projects in any other sub-theme related to the main subjects.

5. Both **hardware and software projects** are applicable.

6. Projects that have won prizes in any state or National level contest are eligible to participate in the expo.

7. Selection of projects for THARANG 2023 will be made by a screening committee constituted by the THARANG organizing committee. Committee will intimate the shortlisted project teams and the list of selected teams will be published on the website of IHRD THARANG 2023.
